

# Advisory Circular

**AC No: 147-2NN** 

Subject: FAA CERTIFICATED AVIATION MAINTENANCE TECHNICIAN SCHOOLS DIRECTORY

Initiated by: AFS-640

**Date:** 8/22/06

- 1. What is the purpose of this Advisory Circular (AC)? This AC transmits a directory of aviation maintenance technician schools certificated by the Federal Aviation Administration (FAA) under the provisions of Title 14 of the Code of Federal Regulations (14 CFR) part 147 and is current as of August 17, 2006.
- **2. What does this AC cancel?** This AC cancels AC 147-2MM, FAA Certificated Aviation Maintenance Technician Schools Directory, dated August 4, 2005.
- **3.** Who does this AC apply to? This AC applies to all parties interested in finding an FAA certificated aviation maintenance technician school, which was certificated under the provisions part 147.
- **4. How are the aviation maintenance technician schools listed?** The schools are listed by rating legends. The school ratings are described in detail in part 147, section 147.11, Ratings, and are shown in this listing by the following code letters:
  - a. A --- Airframe
  - b. P --- Powerplant
  - c. AP --- Airframe and Powerplant
- **5.** What does FAA certification of an aviation maintenance technician school mean? Certification indicates the school meets the requirements of part 147, subpart B, Certification Requirements, for the ratings issued. FAA certification does not necessarily mean universities will extend college credit nor does it indicate approval by other states or federal agencies.
- **6.** Who makes additions, changes, and deletions made to this directory? The FAA Flight Standards District Office (FSDO) that services the area in which each school is located makes all additions, changes, and deletions to this directory. Errors or omissions should be brought to the attention of the FSDO that issued the certificate.
- **7.** Who do I contact when I have specific comments or inquiries about a particular school? Contact the FSDO that certificated that school, or you may contact the school directly.
- **8.** Who do I contact when I have a comment about this publication? Specific comments regarding this publication should be directed to: FAA, Designee Standardization Branch, AFS-640, P.O. Box 25082, Oklahoma City, OK 73125.
